

**End of Program Student Learning Outcomes (EPSLOs)
Bachelors of Science, Nursing (BSN) Program
Catherine McAuley School of Nursing**

Program Director: Cynthia Leffel, PhD, MSN, RN

Date Updated: 08/2020

EXPECTED PROGRAM LEARNING OUTCOME
All students completing this program are expected to have achieved the following learning objectives:
EPSLO #1: At the end of the program, the student will demonstrate quantitative reasoning in the practice of nursing.
EPSLO #2: At the end of the program, the student will demonstrate effective communication in the role of registered nurse when interacting with clients and members of the inter-disciplinary inter-professional healthcare team.
EPSLO #3: At the end of the program, the student will utilize the nursing process, critical thinking, and Maslow's Hierarchy of Needs to provide safe and effective nursing care.
EPSLO #4: At the end of the program, the student will utilize technology in the provision of safe nursing care.
EPSLO #5: At the end of the program, the student will provide culturally competent therapeutic nursing care.
EPSLO #6: At the end of the program, the student will collaborate with members of the inter-disciplinary inter professional healthcare team in the role of the registered nurse.
