

PROGRAM-LEVEL - STUDENT LEARNING OUTCOMES

Biology
BPS Biology

Program Director: Dr. Jennifer Blickwedehl

Date Updated: Fall 2021

PLAN
EXPECTED PROGRAM LEARNING OUTCOME
All students completing this program are expected to have achieved the following learning objectives:
OBJECTIVE 1: Apply the scientific process to address biological questions and problems.
OBJECTIVE 2: Find, critically evaluate and communicate information on biological questions.
OBJECTIVE 3: Demonstrate critical and ethical thought regarding biological research and its societal impact.
