

## DIVISION OF ALLIED HEALTH AND PROFESSIONS

# Healthcare Management

### Make your opportunity.

The healthcare sector is rapidly expanding, and there are so many opportunities for focused individuals with the right leadership skills. Trocaire will give you the core knowledge, skills and abilities you need to effectively manage and lead the healthcare industry. You'll graduate ready to think strategically and prepared to innovate the future of our industry.

### What does it take to succeed in this field?

Our goal is to help our students develop the management and leadership mindset they need to achieve the vision they want for themselves.

### What careers will this degree prepare you for?

Whether it's a hospital department or a skilled nursing facility, doctor or dentist office, clinical management opportunities exist anywhere healthcare is served.

Some career paths include healthcare manager, healthcare administrator or director of a facility or clinic.

### What are the admission requirements?

Trocaire College evaluates students using a holistic admissions review approach, which gives them the best opportunity to highlight their strengths and potential for success in the program. Students are evaluated based on academic metrics, experience and personal attributes.

- This BPS in Healthcare Management degree program is an upper division, completion program
- Applicants must hold an associate degree in an Allied Health field from an accredited institution. Graduates with a degree or sufficient credit hours not listed will be considered on a case-by-case basis, with consideration given to professional experience in addition to their academic portfolio
- Applicants who have graduated from a program that is not accredited but is approved and registered with the US Department of Education may also be eligible for admission
- Applicants must have earned a minimum cumulative GPA of 2.50 in their prior program and must have earned a minimum grade of "C" in all healthcare-related courses. Special consideration will be given to applicants who do not meet these criteria as evidenced by their most recent academic performance and/or professional experience
- Official transcripts from all high schools and colleges attended

**Employment of Medical and Health Services Managers is projected to grow by 18% from 2018 to 2028. This is faster than the average for all occupations, resulting in about 71,600 new jobs.**
