Dear Friends and Colleagues,

The Trocaire College community is pleased to host you at this year's annual signature event, the Spring Soirée 2026. Please know how important your support is in helping Trocaire students build careers of achievement and lives of purpose.

What's more, those careers are right here at home—close to 1,000 students who choose to attend Trocaire come from within a 60-mile radius and primarily stay in the region after graduation. Not only is this event helping individuals—it is also contributing to the skilled workforce our region needs to thrive. As we've seen over the past few years, we need compassionate, well-trained professionals on the frontlines more than ever before.

Trocaire offers one of the lowest private college tuition rates in the region, providing students with an affordable, quality academic experience and degrees in high-demand fields. When they arrive at our doors, they are immediately surrounded with the wraparound support they need to succeed in a warm and welcoming environment in the tradition of our Sisters of Mercy. At Trocaire, our students' success is essential.

In addition to Trocaire's high return on investment, the majority of Trocaire students receive some form of financial aid and many still experience a significant gap as they try to fund their education. Many are heads of households, and many attend part-time because they are working and raising families.

Every dollar raised in net revenue from this evening's event directly supports students in the form of tuition assistance. Your sponsorship and generosity are making a genuine and significant life-changing difference for individuals seeking to transform their lives.

On behalf of the entire student body, employees, leadership team, and Trustees at Trocaire College, **thank you.**

Sincerely,

A handwritten signature in black ink that reads "Bassam M. Deeb". The signature is written in a cursive, flowing style.

Bassam M. Deeb, Ph.D.  
President

***Congratulations to all the honorees!***

***e3communications is a proud supporter of Trocaire College and its mission as a Mercy Catholic institution of higher education.***

716.854.8182 [e3communications.com](http://e3communications.com)

Good evening and welcome to Spring Soirée 2026, Trocaire College's signature fundraising event. On behalf of the Board of Trustees, I hope you enjoy this special evening as we celebrate the standout stories that make the Trocaire community so meaningful.

We are proud to honor Goodwill of Western New York with the Trocaire College President's Award in recognition of their exceptional service to our region and our partnership in expanding career pathways that help break the cycle of poverty. Through their Goodskills Career Builder program, more than 900 individuals in Western New York have completed training supported by sector specific recruitment, career readiness preparation, experiential learning, wraparound services, technical instruction, job placement, and post employment coaching. These components are essential to long term success, increased wages, and greater economic stability, and we are grateful for Goodwill's shared commitment to strengthening our community.

Our Distinguished Alumna this evening, Michele A. Ladouceur '01, is a proud graduate of Trocaire's Business program and a shining example of what steadfast purpose, compassion, and resilience can build. As Chief Operating Officer of Heathwood Assisted Living & Memory Care, she oversees operations across five Western New York counties, bringing nearly four decades of expertise in senior living and healthcare to her leadership. Her commitment to service, both professionally and within the broader community, embodies the enduring spirit of the Circle of Mercy. It is a privilege to honor Michele tonight for a career defined by integrity, heart, and an unwavering dedication to others.

We are also pleased to recognize the recipient of our Outstanding Student Award, Nicholas R. Osman '26, who will be graduating from Trocaire's Radiologic Technology program in May. Nick is an honor student and dedicated leader, serving as President of the RT Club, tutoring first year students, and supporting key departmental initiatives. He is completing his clinical internship and has already received a contingent offer of employment upon graduation. It is with great Trocaire pride that we honor Nick tonight.

This evening is a celebration of who Trocaire is and how we empower students to succeed, build careers of achievement, and live lives of purpose. None of this would be possible without the generosity and partnership of those gathered here tonight. On behalf of the Board of Trustees, thank you for being an essential part of the Trocaire community.

Sincerely,

A handwritten signature in black ink that reads "Sean Willett". The signature is fluid and cursive, with a large, sweeping flourish at the end.

Sean M. Willett  
Board Chair

# OUR WISH

is to free our world from the fear, pain and loss due to cancer — one act of compassion, one breakthrough discovery, one life-changing therapy at a time — until cancer is gone.

[www.RoswellPark.org](http://www.RoswellPark.org)

# Share TROCAIRE

ANNUAL FUND

## THE SHARE TROCAIRE ANNUAL FUND

provides Trocaire students with much needed tuition assistance so that they can stay on track to graduate with the skills our community needs. A gift today helps make their opportunity possible tomorrow. Your donation will help sustain the mission of our College and positively enrich the community of Western New York.

**MICHELE A. LADOUCEUR '01**

*Trocaire College's Distinguished Alumni Award recognizes a graduate who personifies the college's tradition of excellence and serves as a positive role model to his or her fellow alumni, as well as current Trocaire students.*

Michele A. Ladouceur '01 serves as Chief Operating Officer at Heathwood Assisted Living and Memory Care, bringing 38 years of experience in the senior living and healthcare industry - including 22 years of dedicated service with her current organization. Known for her steady leadership, strong managerial skills, and unwavering commitment to mission, Michele has built a career defined by integrity, teamwork, and a genuine love for the people she serves. As Heathwood's owner, Carla Chur Suero often says, Michele's true superpower is being a "people person" in every sense of the phrase.

Beyond her professional accomplishments, Michele has devoted countless hours to community service and advocacy. She has served on the Board of Trustees for various organizations, including the Alzheimer's Association, Trocaire College, and the Juvenile Diabetes Research Foundation, as well as on the Trocaire College Alumni Board. Her volunteer work reflects her belief that leadership extends far beyond the workplace — it is a responsibility to uplift others, strengthen communities, and give back whenever possible.

Michele's path has been shaped by perseverance, gratitude, and a deep belief in the power of education. Growing up in what is now known as Larkinsville, she pursued her Associate and Bachelor degrees while working and raising a family, later continuing graduate studies. She often shares one guiding principle that has carried her through every chapter: education is the one thing no one can ever take from you once earned. That philosophy — paired with grit and a good sense of humor — has shaped her into the respected leader she is today.

With deep appreciation, Michele credits her colleagues and mentors at Capital Senior Living, Trocaire College, Thomas Mitchell, and the Chur Family for helping her grow, stretch, and seize opportunities throughout her career. Even after nearly four decades in the field, she still goes to work each day with genuine pride and joy — because she loves what she does, and it shows.

Michele is equally proud of the life she has built with her husband, Jean. Together, they have shared more than 40 years of partnership, laughter, and growth. Their children, Lindsay (Charles) Baldo and Jason (Kayli), and their grandchildren — Lucille, Sophia, Estella, and Jett — are her greatest joy. Some of her happiest moments are spent with them, whether vacationing, celebrating, or simply enjoying each other's company. Being "Grandma" is one of the brightest parts of her life, and she treasures every memory they create together.

## NICHOLAS R. OSMAN '26

*Trocaire College's Outstanding Student Award is presented to a current student who has demonstrated outstanding academic achievement and has demonstrated a commitment to Trocaire College.*

Nicholas R. Osman is a second-year student at Trocaire College actively pursuing a degree in Radiologic Technology. As the recipient of the Outstanding Student Award, he has maintained a GPA of 3.95, leads the RT Club as President, and provides thoughtful leadership for the program.

Throughout his time at Trocaire, Nick has consistently made the Dean's List and is a member of the Phi Theta Kappa Honors Society, all while tutoring freshman students. He is actively organizing the public pinning ceremony for the Allied Health programs being held at Our Lady of Victory Shrine & Basilica in May.

Nick is currently an intern at Buffalo General Medical Center, where he is perfecting his skills as a radiologic technologist and has received a contingent employment offer to begin after graduation. Nick is incredibly passionate about his field and plans to continue his education into other modalities within medical imaging.

Nick embodies the Trocaire mission of excellence in education with a commitment to lifelong learning and exemplifies the criteria for being a recipient of the *Outstanding Student Award*.

OUTSTANDING STUDENT AWARD

**Trocaire College is grateful for  
your support of our students  
and the mission we serve.**

## GOODWILL OF WESTERN NEW YORK

*The Trocaire College President's Award is presented to a person, group, organization, or corporation whose partnership with Trocaire College furthers the college's mission, vision, and mercy values, and directly or indirectly supports current and future Trocaire College students and alumni.*

Goodwill of Western New York has been a cornerstone of opportunity and innovation in the Buffalo community for more than a century. Chartered in 1920 as Buffalo Goodwill Industries, the organization was founded on the enduring philosophy of “not charity, but a chance,” inspired by Goodwill movement founder Rev. Edgar J. Helms. From its earliest days on Michigan Avenue, Goodwill of Western New York has remained focused on empowering people to reach their fullest potential through the power of work.

Its programs are fueled by a social innovation model that transforms community donations into sustainable impact through a network of 11 retail stores, an outlet center, and eight community based donation centers. Donated goods are sold locally and online, generating revenue that is reinvested directly into local workforce development and employment programs. This model promotes reuse, reduces waste, and creates a self-sustaining cycle in which every donation supports job training, career advancement, and economic opportunity across Western New York.

At the heart of this mission is Goodskills Career Builder, Goodwill of Western New York's flagship workforce development initiative, offering adults targeted, no cost training for higher wage careers in manufacturing and tech aligned fields. Participants earn industry recognized credentials, gain hands on experience and job readiness skills, and receive guidance from a dedicated career coach for up to three years.

Goodwill of Western New York is deeply grateful for its partnership with Trocaire College, which provides classroom based IT instruction taught by Trocaire faculty, focused on foundational IT skills, cybersecurity awareness, and CompTIA Tech+ content.

Receipt of this award is the result of true collaboration of dozens of community partners and the support of thousands of shoppers and donors across Western New York committed to changing lives through the power of work.
