

**PROGRAM-LEVEL - STUDENT LEARNING OUTCOMES**  
– BS, Nursing Program  
Division of Nursing

**Program Director:** Dr. Catherine Griswold

**Date Updated:** August 1, 2018

| <b>PLAN</b>   |
|---|
| <b>EXPECTED PROGRAM LEARNING OUTCOME</b>  |
| <b>All students completing this program are expected to have achieved the following learning objectives:</b>  |
| <p><b>OBJECTIVE 1: Communication</b><br/>At the end of the program, the student will communicate and collaborate in a timely manner with members of the interdisciplinary health care team to promote and maintain the optimal health status of patients, families, populations, and communities.</p>   |
| <p><b>OBJECTIVE 2: Collaboration</b><br/>At the end of the program, the student will communicate and collaborate in a timely manner with members of the interdisciplinary health care team to promote and maintain the optimal health status of patients, families, populations and communities.</p>  |
| <p><b>OBJECTIVE 3: Critical Thinking</b><br/>At the end of the program, the student will use clinical reasoning and knowledge based on the baccalaureate degree nursing program of study, evidence-based practice outcomes, and research studies as the basis for decision-making and comprehensive patient care.</p>   |
| <p><b>OBJECTIVE 4: Safety</b><br/>At the end of the program, the student will provide safe, compassionate, comprehensive nursing care to patients, families, populations and communities through a broad array of health care services.</p>   |
| <p><b>OBJECTIVE 5: Informatics</b><br/>At the end of the program, the student will appropriately apply emerging patient care technologies and utilize sophisticated information management systems in the healthcare setting.</p>   |
| <p><b>OBJECTIVE 6: Professional Standards</b><br/>At the end of the program, the student will analyze and implement appropriate nursing practices in accordance with the complex interrelated requirements of the healthcare policy, finance and regulator environments.</p>  |
| <p><b>OBJECTIVE 7: Professional Responsibility</b><br/>At the end of the program, the student will demonstrate knowledge of the New York State Nursing Practice Act and the New York State Office of Professions Nursing Rules that emphasize safety, as well as all federal, state, and local government and accreditation organization safety requirements and standards.</p> |

**OBJECTIVE 8: Safety/Technology**

At the end of the program, the student will communicate and manage information using technology to support decision-making to improve patient care and delivery systems.

**Objective 9: Advocacy**

At the end of the program, the student will serve as a health care advocate in monitoring and promoting quality and access to health care for patients, families, populations, and communities.

**Objective 10: Leadership/Management**

At the end of the program, the student will demonstrate skills in leadership, quality assessment and improvement, and patient safety.

**Objective 11: Research**

At the end of the program, the student will maintain a spirit of inquiry and use research findings to provide evidence-based nursing care.
