ANNUAL SECURITY REPORT DISCLOSURE

The Civil Rights Compliance Advocate/Title IX Coordinator and Facilities Manager prepare this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. We encourage members of the campus community to use this report as a guide for safe practices on and off campus.

This report is prepared in cooperation with the local law enforcement agencies surrounding our two locations (Choate & Transit). Each entity provides updated information on their educational efforts and programs to comply with the Act.

Campus crime, arrest and referral statistics include those reported to Trocaire security, designated Campus Security Authorities (including but not limited to directors, deans, department heads, faculty, and advisors to students/student organizations) and local law enforcement agencies. These statistics may also include crimes that have occurred in neighborhoods or businesses surrounding the college.

Each year, an e-mail notification is made to the Trocaire College community that describes the report and provides its web address. The full text of this report can be located on Trocaire's web site at <https://my.trocaire.edu/student-services/safety-emergency/> and clicking the Annual Security Report direct link. Copies of the report may also be obtained with the Civil Rights Compliance Advocate/Title IX Coordinator located at Main Campus Room 337 or by calling (716) 827-2461.

The web site address is available to all prospective students in their admissions packet. Prospective employees are made aware of the report when reviewing available positions at Trocaire College. Workforce Development students are made aware of the existence of the Annual Security Report and on the Workforce Development web page.

CAMPUS SECURITY

Security is located in the front entrances of both locations. A guard is working whenever the college is open at each location. Guards aid in enforcement of federal, state, and local laws, as well as Trocaire College regulations. Trocaire does not have campus police and are not authorized to make arrests. Security guards are contracted through an outside agency.

All security guards must meet the training requirements of the State of New York Security Guard Act. The college employs an out-sourced security service whose primary objective is to encourage a safe and healthy experience that enhances the campus learning experience and compliments the college's mission.

Security provides support services tailored to meet the needs of the Trocaire College community. Some of the services are:

- Development and distribution of ID Cards-Security
- Test and maintain all fire-prevention equipment and alarms-Facilities Manager
- Inspect buildings for safety compliance-Safety Coordinator
- Maintain a lost and found department-Security
- Backup security camera data-Facilities Manager
- Maintain visitor's log-Security
- Maintain daily security log
- Maintain Clery log-Security/Local Police Department

A number of emergency telephones are located throughout the main building. These telephone boxes are easily identified by signage, which is mounted directly above the box. They can be used to report a criminal incident, fire, or any other type of emergency.

To reach the Choate Security from off-campus, dial (716) 827-2500 or (716) 445-2104 (cell), on-campus dial, extension 2500. Transit Road Security can be reached at (716) 827-4300 or (716) 346-7094 (cell).

Trocaire security maintains a close working relationship with the Buffalo Police Department (BPD) and the Town of Lancaster Police Department (LPD). Meetings are held between the leaders of these agencies on both a formal and informal basis. The Facilities Manager & Operations Manager, the BPD and the LPD communicate regularly on the scene of incidents that occur in and around the College's two locations. The Facilities Manager works closely with the BPD and the LPD when incidents arise that require joint investigative efforts, resources, crime related reports and exchanges of information, as deemed necessary. There is a written memorandum of understanding between Trocaire, the LPD but not with the BPD.

Trocaire College does not have any officially recognized student organizations with off-campus locations that the BPD or the LPD monitors or reports.

We encourage all students and employees to report crimes to the local authorities and then notify campus security.

REPORTING A CRIME

All members of the campus community are urged to report criminal incidents and suspicious activity. The campus emergency number is (716) 827-2500. All reports are classified, logged and responded to thoroughly. For emergencies, please call 911 and then notify Security of the situation. Security and the Facilities Manager investigates all reports and notifies appropriate college personnel and, if necessary, the BPD or LPD. All campus telephones also include a security button to ensure easy dialing in the case of an emergency.

In addition to security you may report a crime to the following areas:

1. Facilities Manager (716) 387-4663
2. Vice President, Finance & Administration (716) 827-2512
3. Or contact a Campus Security Authority (please see below)

CAMPUS SECURITY AUTHORITIES

The Clery Act requires all institutions to collect crime reports from a variety of individuals and organizations that have specific contact with students. Under Clery, a crime is “reported” when it is brought to the attention of a campus security authority or local law enforcement personnel by a victim, witness, or third party or even the offender. The function of a campus security authority is to report to the official or office designated by the institution to collect crime report information those allegations of Clery Act crimes that he or she concludes were made in good faith.

The following individuals are designated as the Trocaire College Campus Security Authorities by the criteria set in the Clery Act.

Vice Presidents/Chief Officers

Deans Directors

Security Guards

Facilities Manager

Title IX Coordinator

Full-time Faculty Members

Faculty Club Advisors

All Full Time Student Affairs Staff (excluding Trocaire Director of Wellness Center)

DAILY LOG

Campus security maintains a daily log of crimes and incidents that occur on campus which is available for the public to view. This information is recorded by the date, time and general location, and disposition of the complaint. The daily log is available at Security at the main campus location. While all events are logged, the Facilities Manager or VP of Finance and Administration may determine that an incident is classified and noted as “confidential” in order not to jeopardize a criminal investigation or the identity of a victim.

CONFIDENTIAL REPORTING

Trocaire College encourages anyone who is the victim or witness to any crime to promptly report the incident to the police. Because police reports are public records under state law, Trocaire security cannot hold reports of crime in confidence.

If someone is interested in making a confidential report please contact Monica Saltarelli, Mercy Center room L-10 or (716) 827-2451. They will report aggregate data each year to the Title IX Coordinator who will include the information in the annual disclose of crime statistics.

TIMELY WARNINGS

In the event a situation arises, either on or off campus, that, in the judgment of the Facilities Manager constitutes an ongoing or continuing threat, a campus-wide “timely warning” will be issued. The warning will be issued to all students and employees through the college’s emergency notification system or email system. This warning will also include information that would promote safety and might aid in the prevention of similar crimes.

Depending on the particular circumstances of the crime, especially in all situations that could pose an immediate threat to the community and individuals, the Emergency Notification System may be activated through the procedures outlined under Emergency Procedure and Response.

Anyone with information warranting a timely warning should report the circumstances to security at any location or by phone at (716) 827-2500 or ext. 2500.

EMERGENCY NOTIFICATION SYSTEM (ENS)

Trocaire College has implemented an Emergency Notification System. In the event of a campus closing or other emergency situation, Trocaire's Institutional Advancement Office will activate the emergency system that sends notifications through text messaging, email, and voice messages to cell and home phone numbers. Participants will be able to include up to six phone numbers, two email addresses and a text message number as notification contacts.

School closings due to inclement weather will also activate the notification system.

Instructions may also be accessed on the website by going to: [Emergency Notification System Instructions](#)

Employees and students are automatically enrolled in the ENS system at time of hire or time of enrollment using their Trocaire email address. Employees and Students can access the system and update their records at any time to include personal email addresses and phone numbers.

Information on how to update the ENS system is on Trocaire's website by visiting [Emergency Notification System \(ENS\)](#)

EMERGENCY PROCEDURE AND RESPONSE

Serious injury, sickness or emergency requires immediate and clear communication with appropriate parties. If you come across an emergency situation or another individual who needs assistance, please follow the following procedures:

1. Remain Calm and keep individual comfortable.
2. Call 911 directly. Give the exact address of College 360 Choate Ave. or 6681 Transit Rd, give brief, concise and specific details of the incident.
3. Call Security at ext. 2500 or press the security direct extension button on all college phones. If at Transit Road call Security at (716) 827-4300. If you are unable to call 911 on your phone, ask Security to call giving details.

When reaching the site, security or front entrance employee should:

1. Confirm that 911 has been called.
2. If possible, stay with individual until ambulance arrives.

3. Notify Facilities Manager.
4. Make out incident report, located at the security desks and give to Facilities Manager and a copy to the Wellness Center Office (if individual is a student).

Procedures to Notify Campus Community

Upon notification by campus security, the Facilities Manager will investigate all college emergencies. Confirming dialogue may include conversations with security, witnesses, victim(s) and/or local authorities. The Facilities Manager or designee is responsible for confirming an emergency and determining if the Emergency Notification System (ENS) needs to be activated. The ENS system will be activated if there is an immediate or impending threat to the college community. The entire Trocaire community will be notified of any immediate threats regardless of building location. The individual activating the ENS in collaboration with the Facilities Manager will determine the content of the message. In the absence of the Facilities Manager the VP of Finance and Administration will make the decision.

EMERGENCY NOTIFICATION

Individuals who are responsible in determining the need for ENS activation

President, VP of Finance or Chief Academic Affairs Officer or Executive Vice
President or Leadership Council Member

Individuals who can activate ENS System

President, Executive Vice President or Chief Academic Affairs Officer or
VP of Finance & Administration

In the event of an emergency, the college is committed to notifying the college community of said emergency without delay unless notification would compromise efforts to assist a victim, or to contain, respond to, or otherwise mitigate the emergency.

In addition to possible use of the ENS system, VP of Finance & Administration will utilize college email to inform the college community of information regarding an emergency situation. If appropriate, radio and television alerts will be used by the Chief External Affairs Officer or designee to inform the neighboring community of any immediate threats that may impact them.

Testing Emergency Response and Evacuation Procedures

The purpose of testing the emergency and response procedures is to prepare the Trocaire community in case an emergency ever emerges. At Trocaire, unannounced fire drills are scheduled each semester by the Facilities Manager. An announced ENS system test is also scheduled by the Institutional Advancement office.

The Facilities Manager will facilitate a “tabletop exercise” once a year with those Trocaire individuals responsible for responding to an emergency incident. Local law enforcement, firefighters and first responders will be invited. Simulated scenarios will be provided with an assessment at the end to obtain feedback from participants. The goal of this exercise is so everyone understands his or her role and responsibility in case of an emergency.

The emergency and response procedures will be sent out once a year in the Annual Security report as well as included in the ENS announced test. This will be done via email before testing

Of the ENS system. All test dates, times, descriptions and whether it was announced or unannounced will be kept by the Chief Academic Affairs Officer for seven years.

ACCESS TO COLLEGE FACILITIES

Most college buildings and facilities are accessible to members of the college community, prospective students, and visitors during normal business hours. For information regarding access to campus facilities, contact the Facilities Manager at (716) 387-4663. The college does not have residential facilities.

During business hours, the College will be open to students, parents, employees, contractors, guests, and invitees. During non-business hours, access to all College facilities is by key, if issued, or by admittance via the Facilities Manager. Building hours are updated annually and posted on Trocaire's website. Emergencies may necessitate changes or alterations to any posted schedules.

The Facilities Manager security personnel, and maintenance routinely check for security issues such as properly working lighting, locks, alarms and landscaping. The Security Advisory Committee meets minimally once a semester to discuss security issues.

FIRE RESPONSE AND PROCEDURE

If a fire cannot be controlled with an extinguisher, an alarm should be activated and efforts to evacuate the building undertaken. Persons evacuating the building should proceed to the nearest marked exit and assist those who are physically challenged. No person should return to an evacuated building unless told to by a member of the College's administration.

Fire drills are an important aspect of student safety. Fire drills will be completed each semester and will be scheduled by the Facilities Manager.

Trocaire College is a smoke free campus. Smoking is not permitted anywhere on campus.

SECURITY ADVISORY COMMITTEE

The Security Advisory Committee was established at the college in response to the requirements of New York State Education Law (Article 129-A). This Committee is comprised of College Administration, Faculty, Staff, and Students.

The Committee shall review current campus security policies and procedures and make recommendations for their improvement. It shall specifically review current policies and procedures for:

- a. educating the college community, including security personnel and those persons who advise or supervise students, about sexual assault pursuant to Article 129-A of the New York State Education Law;
- b. educating the campus community about personal safety and crime prevention;
- c. reporting sexual assaults and dealing with victims during investigations;
- d. referring complaints to appropriate authorities;
- e. counseling victims; and

Students wishing to participate in this committee are encouraged to contact the Dean of Student Success.

Employees wishing to participate in the committee can volunteer through the VP of Finance.

The Committee provides a report to the college president on its findings and recommendations at least once each academic year.

CRIME PREVENTION

During new student and transfer orientations students are informed of the security measures established by the college. Students are informed of safety awareness and told of best practices while at the college.

A common theme of all awareness and crime prevention programs is to encourage students and employees to be aware of their responsibility for their own security and the security of others.

Crime prevention at Trocaire College is based upon the dual concepts of eliminating or minimizing criminal opportunities and encouraging students and employees to be responsible for their own security and the security of others. The following is a listing of the crime prevention projects employed by Trocaire College.

New and Transfer Student Orientation: Information regarding college safety and security is part of the orientation presentation.

Crime Prevention Materials: Crime prevention brochures and postings related to motor vehicle security, bicycle security, health services and employee security are provided to staff and students throughout the year.

Fire Alarm System: A central station monitors and maintains fire alarm systems on campus.

Facilities Surveys: Comprehensive surveys of exterior lighting, exterior doors and grounds are conducted each year by the Facilities Manager.

Video Surveillance: Video surveillance cameras are located in strategic areas and are monitored by College Security and the Facilities Office.

Architectural Design: The Facilities Manager makes recommendations relating to physical and electronic security systems for new and renovated college facilities.

Enhanced Emergency Telephone System: All telephone calls made to 911 from a college phone are identified and the telephone number and location of the telephone are displayed on a screen to College Security. This enhanced emergency telephone system was installed to ensure that College Security knows the origin of an emergency call, even if the caller is unable to communicate verbally.

Training: Both students and employees have the opportunity to take online trainings through the College's compliance training system on a variety of safety and security related matters.

The college provides training/programs to both staff and students on crime prevention. The Security advisory committee reviews annually all safety and security policies and provides the President with recommendations on security measures.

STUDENT DRUG AND ALCOHOL POLICY

Purpose

Trocaire College recognizes that substance abuse is a major health problem throughout the United States and thus, is committed to establishing a drug-free environment. Henceforth, and in accordance with the Drug-Free and Communities Act Amendments of 1989 (Public Law 101-226) & HEOA Sec. 120 (a) (2) (B)-(C). HEOA amendment effective 2008 34 CFR 86, the following standards will apply.

Policy

The possession, use, manufacturing or distribution of illicit drugs and alcohol by students on campus or at a college sponsored off-campus activity is expressly prohibited. The misuse of prescription drugs and other products being used other than intended is also prohibited. Students violating the drug and alcohol policy at clinical or internship locations are regulated by specific program policies. A federal or state drug conviction can disqualify a student for Federal Student Aid (FSA) funds.

This policy authorizes the academic use of various alcoholic beverages, products and related activities in accordance with New York State Alcohol Beverage Control Law Section 65-c, "a person who is a student in a curriculum licensed or registered by the state education department and the student is required to taste or imbibe alcoholic beverages in on-campus or off-campus courses which are a part of the required curriculum, provided such alcoholic beverages are used only for instructional purposes during class conducted pursuant to such curriculum"

In facing the challenge of creating a drug free society, Trocaire endeavors to educate by providing on-campus drug awareness programs, literature and resource/referral services to appropriate community based agencies for all members of the College Community. Good faith efforts will include strict enforcement as well as implementation of this policy.

The health and safety of every student at the Trocaire College is of utmost importance. Trocaire recognizes that students who have been drinking and/or using drugs (whether such use is voluntary or involuntary) at the time that violence, including but not limited to domestic violence, dating violence, stalking, or sexual assault occurs may be hesitant to report such incidents due to fear of potential consequences for their own conduct. Trocaire strongly encourages students to report domestic violence, dating violence, stalking, or sexual assault to institution officials. A bystander acting in good faith or a Complainant acting in good faith that discloses any incident of domestic violence, dating violence, stalking, or sexual assault to college officials or law enforcement will not be subject to code of conduct action for violations of alcohol and/or drug use policies occurring at or near the time of the commission of the domestic violence, dating violence, stalking, or sexual assault.

A student self-certifies a federal or state drug conviction in applying for aid that he/she is eligible. A conviction for any offense involving sale or possession of illegal drugs that occurred during a period of enrollment for which the student was receiving Title IV aid will result in loss of eligibility for any Title IV, HEA grant, loan or work-study assistance. A student regains eligibility the day after the period of ineligibility ends or when he successfully completes a qualified drug rehabilitation program. HEA Section 484(r), 34 CFR 668.40

The Wellness Center provides assessment and outside referral services to students, as well as serving as an alcohol and other drug information/education resource. Affirmative Consent

Affirmative consent is a knowing, voluntary, and mutual decision among all participants to engage in sexual activity. Consent can be given by words or actions, as long as those words or actions create clear permission regarding willingness to engage in the sexual activity. Silence or lack of resistance, in and of itself, does not demonstrate consent. The definition of consent does not vary based upon a participant's sex, sexual orientation, gender identity, or gender expression.

Here are some important points to keep in mind with respect to affirmative consent:

- ✓ Consent to any sexual act or prior consensual sexual activity between or with any party does not necessarily constitute consent to any other sexual act.

- ✓ Consent cannot be given when a person is incapacitated, which occurs when an individual lacks the ability to knowingly choose to participate in sexual activity. Incapacitation may be

caused by the lack of consciousness or being asleep, being involuntarily restrained, or if an individual otherwise cannot consent. Depending on the degree of intoxication, someone Who is under the influence of alcohol, drugs, or other intoxicants may be incapacitated and therefore unable to consent.

- ✓ Consent cannot be given when it is the result of coercion, intimidation, force, or threat of harm.
- ✓ When consent is withdrawn or can no longer be given, sexual activity must stop.

Trocaire recognizes that students who have been drinking and/or using drugs (whether such use is voluntary or involuntary) at the time that violence, including but not limited to domestic violence, dating violence, stalking, or sexual assault occurs may be hesitant to report such incidents due to fear of potential consequences for their own conduct.

Trocaire strongly encourages students to report domestic violence, dating violence, stalking, or

sexual assault to institution officials. A bystander acting in good faith or a Complainant acting in good faith that discloses any incident of domestic violence, dating violence, stalking, or sexual assault to college officials or law enforcement will not be subject to Trocaire's code of conduct action for violations of alcohol and/or drug use policies occurring at or near the time of the commission of the domestic violence, dating violence, stalking, or sexual assault.

This language is also included in the Student Drug and Alcohol Policy #604

OPTIONS FOR DISCLOSING AND FILING A REPORT

Trocaire College wants you to get the information and support you need regardless of whether you would like to move forward with a report of sexual violence, dating violence, domestic violence or stalking to campus officials or to police. You may want to talk with someone about something you observed or experienced, even if you are not sure that the behavior constitutes an act of sexual violence, dating violence, domestic violence or stalking. A conversation where questions can be answered is far superior to keeping something to yourself. Confidentiality varies, and this section is aimed at helping you understand how confidentiality applies to different resources that may be available to you.

Confidential Resources

Individuals who are *confidential* resources will not report crimes to law enforcement or college officials without your permission, except for extreme circumstances, such as a health and/or safety emergency.

Within 96 hours of an assault, you can get a Sexual Assault Forensic Examination (commonly referred to as a rape kit) at a hospital which will include testing for STIs. While there should be no charge for a rape kit, there may be a charge for medical or counseling services off campus and, in some cases, insurance may be billed for services. You are

encouraged to let hospital personnel know if you do not want your insurance policyholder to be notified about your access to these services. The New York State Office of Victim Services may be able to assist in compensating victims/survivors for health care and counseling services, including emergency funds. More information may be found here: <https://ovs.ny.gov/help-crime-victims> or by calling 1-800-247-8035.

- To best preserve evidence, victims/survivors should avoid showering, washing, changing clothes, combing hair, drinking, eating, or doing anything to alter physical appearance until after a physical exam has been completed.
- These hotlines are for crisis intervention, resources, and referrals, and are not reporting mechanisms, meaning that disclosure on a call to a hotline does not provide any information to the campus. Complainants are encouraged to additionally contact a campus confidential or private resource so that the campus can take appropriate action in these cases.
- Even individuals who can typically maintain confidentiality are subject to exceptions under the law, including when an individual is a threat to him or herself or others and the mandatory reporting of child abuse.

Non-Confidential Resources

The following college officials can offer *privacy* and can provide information about remedies, accommodations, evidence preservation, and how to obtain resources. These officials will also provide the information contained in the Students' Bill of Rights, including the right to choose when and where to report, to be protected by the institution from retaliation, and to receive assistance and resources from the institution. These college officials will disclose that they are **private** and **not confidential** resources and they may still be required by law and college policy to inform one or more college officials about the incident, including but not limited to the Title IX Coordinator. They will notify Complainants that the criminal justice process uses different standards of proof and evidence than internal procedures, and questions about the penal law or the criminal process should be directed to law enforcement or district attorney:

Such official shall also explain whether he or she is authorized to offer the Complainant confidentiality or privacy, and shall inform the Complainant of other reporting options;
- ✓ To disclose confidentially the incident to institutional representatives, who may offer confidentiality pursuant to applicable laws and can assist in obtaining services for Complainants:
- ✓ To disclose confidentially the incident and obtain services from the state or local government:
- ✓ To disclose the incident to institution representatives who can offer privacy or confidentially, as appropriate, and can assist in obtaining resources for Complainants:

Disciplinary proceedings will be conducted in accordance with applicable collective bargaining agreements. When the Respondent is an employee of an affiliated entity or vendor of the college, college officials will, at the request of the Complainant, assist in reporting to the appropriate office of the vendor or affiliated entity and, if the response of the vendor or affiliated entity is not sufficient, assist in obtaining a persona non grata letter, subject to legal requirements and college policy, and
- ✓ To withdraw a complaint or involvement from the institution process at any time.
- ✓ **Every college shall ensure that, at a minimum, at the first instance of disclosure by a Complainant to a college representative, the following information shall be presented to the Complainant: "You have the right to make a report to Campus Security, local law enforcement, and/or State Police or choose not to report; to report the incident to your institution; to be protected by the institution from retaliation for reporting an incident; and to receive assistance and resources from your institution."**

Plain Language Explanation of Confidentiality:

Even Trocaire offices and employees who cannot guarantee *confidentiality* will maintain your

privacy to the greatest extent possible. The information you provide to a non-confidential resource will be relayed only as necessary to investigate and/or seek a resolution and to notify the Title IX Coordinator or designee, who is responsible under the law for tracking patterns and spotting systemic issues. Trocaire will limit the disclosure as much as possible, even if the Title IX Coordinator determines that the request for confidentiality cannot be honored.

Requesting Confidentiality: How Trocaire Will Weigh the Request and determine Continuing Threat:

If you disclose an incident to a Trocaire employee who is responsible for responding to or reporting sexual violence, but wish to maintain confidentiality or do not consent to the institution's request to initiate an investigation, the Civil Rights Compliance Advocate/Title IX Coordinator must weigh your request against our obligation to provide a safe, non-discriminatory environment for all members of our community, including you. You may withdraw your complaint or involvement from the College process at any time.

We will assist you with all reasonable and available accommodations regardless of your reporting choices. We also may take proactive steps, such as training or awareness efforts, to combat sexual violence in a general way that does not identify you or the situation you disclosed.

We may seek consent from you prior to conducting an investigation. You may decline to consent to an investigation, and that determination will be honored unless Trocaire's failure to act would not adequately mitigate the risk of harm (continuing threat) to you or other members of the Trocaire community. Honoring your request may limit our ability to meaningfully investigate and pursue conduct action against a respondent individual. If we determine that an investigation is required, we will notify you via writing and take immediate action as necessary to protect and assist you.

When you disclose an incident to someone who is responsible for responding to or reporting sexual misconduct, but wish that an investigation not be undertaken, Trocaire will consider many factors to determine whether there is a continuing threat to the campus community and may proceed despite that request. These factors include, but are not limited to:

- A. Whether the Respondent has a history of violent behavior or is a repeat offender;
- B. Whether the incident represents escalation, such as a situation that previously involved sustained stalking;
- C. the increased risk that the Respondent will commit additional acts of violence;
- D. Whether the Respondent used a weapon or force;
- E. Whether the Complainant is a minor; and
- F. Whether we possess other means to obtain evidence such as security footage, and whether the report reveals a pattern of perpetration at a given location or by a particular group.

If the College determines that it must move forward with an investigation, the Complainant or victim/survivor will be notified and the College will take immediate action as necessary to protect and assist the Complainant

Public Awareness/Advocacy Events:

If you disclose a situation through a public awareness event such as "Take Back the Night," candlelight vigils, protests, or other public event, the College is not obligated to begin an investigation. Trocaire may use the information you provide to inform the need for additional education and prevention efforts.

Institutional Crime Reporting

Reports of certain crimes occurring in certain geographic locations will be included in the College Clery Act Annual Security Report in an anonymized manner that neither identifies the specifics of the crime or the identity of the Complainant or victim/survivor.

Trocaire is obligated to issue timely warnings of Clery Act crimes occurring within relevant geography that represent a serious or continuing threat to students and employees (subject to exceptions when potentially compromising law enforcement efforts and when the warning itself could potentially identify the Complainant or victim/survivor). A Complainant will never be identified in a timely warning.

The Family Educational Rights and Privacy Act allows institutions to share information with parents when (1) there is a health or safety emergency, or (2) when the student is a dependent on either parents' prior year federal income tax return. Generally, Trocaire will not share information about a report of sexual misconduct, dating violence, domestic violence or stalking with parents without the permission of the Complainant.

RESPONSE TO A REPORT

All reports of Sexual Violence, Dating Violence, Domestic Violence or Stalking will be investigated unless the Respondent decides to withdraw the complaint (if no continuing threat exists). Allegations involving acts of sexual violence may not be resolved using an informal resolution process (i.e. mediation).

Protection and Accommodations:

- A. When the Respondent is a student, to have the college issue a "No Contact Order," consistent with college policies and procedures, whereby continued intentional contact with the Complainant would be a violation of college policy subject to additional conduct charges; if the Respondent and a Complainant observe each other in a public place, it shall be the responsibility of the Respondent to leave the area immediately and without directly contacting the Complainant.

Both the Respondent and Complainant shall, upon request and consistent with institution policies and procedures, be afforded a prompt review, reasonable under the circumstances, of the need for and terms of a no contact order, including potential modification, and shall be allowed to submit evidence in support of his or her request.

The college may establish an appropriate schedule for the Respondents to access applicable institution buildings and property at a time when such buildings and property are not being accessed by the Complainant.

- B. To have assistance from either Security, the or his/her designee in obtaining a court-ordered Order of Protection or, if outside of New York State, an equivalent protective or restraining order
- C. To receive a copy of the court-ordered Order of Protection or equivalent when received by the institution and have an opportunity to meet or speak with the or his/her designee who can explain the order and answer questions about it, including information from the Order about the Respondent's responsibility to stay away from the protected person(s); that burden does not rest on the protected person(s).

- D. To an explanation of the consequences for violating these orders, including but not limited to arrest, additional conduct charges, and interim suspension.
- E. To have the College call on and assist local law enforcement in effecting an arrest for violating such a court-ordered Order of Protection.
- F. When the Respondent is a student determined to present a continuing threat to the health and safety of the community, to subject the Respondent to interim suspension pending the outcome of a judicial or conduct process consistent with Trocaire's policies. Both the Respondent and the Complainant shall, upon request and consistent with Trocaire's policies and procedures be afforded a prompt review, reasonable under the circumstances, of the need for and terms of an interim suspension, including potential modification, and shall be allowed to submit evidence in support of his or her request;
- G. When the Respondent is not a student but is a member of the college community and presents a continuing threat to the health and safety of the community, to subject the Respondent to interim measures in accordance with applicable collective bargaining agreements, employee handbooks, and College policies and rules;
- H. To obtain reasonable and available interim measures and accommodations that effect a change in academic, employment, transportation or other applicable arrangements in order to help ensure safety, prevent retaliation, and avoid an ongoing hostile environment, consistent with Trocaire's policies and procedures. Both the Respondent and the Complainant shall, upon request and consistent with Trocaire's policies and procedures, be afforded a prompt review, reasonable under the circumstances, of the need and terms of any such interim measure and accommodation that directly affects them and shall be allowed to submit evidence in support of their request.

Conduct Process:

Every student will be afforded the following rights:

- a) The right to request that student conduct charges be filed against the accused Conduct proceedings are governed by the procedures set below as well as federal and New York State law.
- b) The right to a process in a student judicial or conduct cases, where a student is accused of sexual violence, domestic violence, dating violence, talking or sexual activity that may otherwise violate the institution's code of conduct, that includes, at a minimum:

 - 2. Opportunity to offer evidence during an investigation, and to present evidence and testimony at a hearing, where appropriate, and have access to a full and fair record of any such hearing, which shall be preserved and maintained for at least five years from such a hearing and may include a transcript, recording or other appropriate record; and
 - 3. Access to at least one level of appeal of a determination before a panel, which may

include one or more students that is fair and impartial and does not include individuals with a conflict of interest. In order to effectuate an appeal, a Respondent and Complainant in such cases shall receive written notice of the findings of fact, the decision and the sanction, if any, as well as the rationale for the decision and sanction. In such cases, any rights provided to a Complainant must be similarly provided to a Respondent and any rights provided to a Respondent must be similarly provided to a Complainant.

- c) Throughout proceedings involving such an accusation of sexual violence, domestic violence, dating violence, stalking, or sexual activity that may otherwise violate the institution's code of conduct, the right:
1. For the Respondent and Complainant, the same opportunity to be accompanied by a non-participating advisor of their choice who may only assist and advise the parties throughout the conduct process and any related hearings or meetings.
 2. The right to a prompt response to any complaint and to have their complaint investigated and adjudicated in an impartial, timely, and thorough manner by individuals who receive annual training in conducting investigations of sexual violence, the effects of trauma, impartiality, the rights of the Respondent, including the right to a presumption that the Respondent is "not responsible" until a finding of responsibility is made pursuant to New York law and the College's policies and procedures, and other issues including but not limited to related to sexual violence, domestic violence, dating violence, sexual assault, and stalking.
 3. The right to an investigation and process that is fair, impartial and provides a meaningful opportunity to be heard, and is not conducted by individuals with a conflict of interest.
 4. The right to have a conduct process run concurrently with a criminal investigation and proceeding, except for temporary delays as requested by external municipal entities while law enforcement gathers evidence. Temporary delays should not last more than 10 days except when law enforcement specifically requests and justifies a longer delay.
 5. To review and present available evidence in the case file, or otherwise in the possession or control of the college, and relevant to the conduct case, consistent with institution policies and procedures. The right to a range of options for providing testimony via alternative arrangements, including telephone/videoconferencing or testifying with a room partition.
 6. The right to exclude their own prior sexual history with persons other than the other party in the judicial or conduct process or their own mental health diagnosis and or treatment from admittance in the college disciplinary stage that determines responsibility. Past findings of domestic violence, dating violence, stalking, or sexual misconduct may be admissible in the disciplinary stage that determines sanction.
 7. To receive written or electronic notice, provided in advance pursuant to college policy and reasonable under the circumstances, of any meeting they are required to or are

eligible to attend, of the specific rule, rules or laws alleged to have been violated and in what manner, and the sanction or sanctions that may be imposed on the Respondent based upon the outcome of the judicial or conduct process, at which time the designated hearing or investigatory officer or panel shall provide a written statement detailing the factual findings supporting the determination and the rationale for the sanction imposed.

8. The right to make an impact statement during the point of the proceeding where the decision maker is deliberating on appropriate sanctions.
9. The right to simultaneous (among the parties) written or electronic notification of the outcome of a conduct proceeding, including any sanctions.
10. To be informed of the sanction or sanctions that may be imposed on the respondent based upon the outcome of the judicial or conduct process and the rationale for the actual sanction imposed.
11. The right to choose whether to disclose or discuss the outcome of a conduct or judicial process.
12. The right to have all information obtained during the course of the conduct or judicial process be protected from public release until the appeals panel makes a final determination unless otherwise required by law.

INVESTIGATION

Time Frame

An investigation conducted pursuant to this policy, the investigator's preparation of his/her initial report and recommendation, and the imposition of sanctions should normally be completed within 60 calendar days after the College has notice of an allegation of sexual misconduct. The Civil Rights Compliance Advocate/Title IX Coordinator, his/her designee, may extend this time frame for good cause, including College breaks. If the time frame is extended, notice of the extension and the reasons for such extension will be provided to the Complainant and Respondent.

Impact of Criminal Investigation

Where the Complainant has also reported the sexual misconduct to local law enforcement, resulting in the commencement of a criminal investigation, the College will not wait for the conclusion of a criminal investigation or criminal proceeding to begin its own investigation. While the College may need to delay temporarily the fact-finding portion of its investigation under this policy while law enforcement is gathering evidence, the College will still take any necessary interim accommodation and safety measures, as described above. The College will promptly resume and complete its investigation once it learns that the local law enforcement has completed its evidence gathering stage of the criminal investigation. During any delay in the College's investigation process caused by a criminal investigation, the College will update the parties on the status of its investigation and inform the parties when the College resumes its investigation pursuant to this policy.

Investigation Process

1. Assigning an Investigator. When a determination is made to proceed with an investigation pursuant to this policy, the Civil Rights Compliance Advocate/Title IX Coordinator, or designee will investigate. At any point during this process, the investigator may, in his/her discretion, be accompanied by a qualified individual to assist in the documentation of the investigation.

2. **Standard of Review.** This investigation procedure will determine findings of fact using the “preponderance of the evidence” standard (i.e., it is more likely than not that sexual violence, dating violence, domestic violence or stalking occurred).
3. **Cooperation.** All Trocaire College faculty, staff, students, community members, and third parties (including contracted service providers and vendors) are expected to cooperate in the investigation process. As early as possible in this investigation process, the Civil Rights Compliance Advocate/Title IX Coordinator will direct the Complainant, Respondent, witnesses, and other involved individuals to preserve any relevant evidence.
4. **Fact Finding.** In most cases, the investigation will involve conducting a thorough fact-finding investigation, which includes meeting separately with the Complainant (if participating), Respondent, and pertinent witnesses, and reviewing other relevant information. Occasionally, a different or less formal response to the report may be warranted. At any time during the course of an investigation, the Complainant, Respondent, or any witnesses may provide a written statement, other supporting materials, or identify other potential witnesses or relevant documentary evidence, regarding the matter under review. All proceedings will be documented and filed with the Title IX Coordinator for a minimum of five years.
5. **Support Persons.** The Complainant and Respondent may have a support person (silent advocate) accompany them through the process. A support person may not speak for Complainant or Respondent, present evidence or question witnesses. The Complainant and Respondent are responsible for presenting evidence on their own behalf. Support persons may speak privately to their advisee during the investigation process. Either party may request a recess from an investigatory meeting to consult with their support person which will be granted at the discretion of the Civil Rights Compliance Advocate/Title IX Coordinator or his/her designee.
6. **Investigation Outcome and Report.** The Civil Rights Compliance Advocate/Title IX Coordinator or his/her designee will prepare a written report at the conclusion of an investigation. The Investigator’s written report will generally contain, at a minimum:
 - a. summary of the investigation;
 - b. the Investigator’s findings
 - c. Prior to the investigator’s finding being turned over to the Hearing Panel, both Claimant, Respondents and their advisors, will have the ability to review and make revisions to the findings. The time period for the written response will be 10 (ten) days.
 - d. The Investigator’s findings will be turned over to the Hearing Panel
 - e. The Hearing Panel will make a recommendation concerning whether the Respondent should be found responsible for the alleged sexual misconduct;
 - f. a summary of the Hearing Panel’s rationale in support of the findings; and
 - g. If applicable, a recommendation regarding any actions the College will take to provide accommodations to the Claimant or safety measure(s) for the College community.

7. Hearing Panel.
 - a. The hearing panel will be formed by members of the Trocaire College community. It will not include any members that have any involvement in the sanctions/corrective action processes at the college.
 - b. Prior to the hearing, the hearing panel will approve all questions that the parties are able to ask during the hearing. The hearing panel will decide what questions are appropriate in order to make a determination of policy violation.
 - c. Both the Claimant and Respondent are able to attend the hearing meeting with their advisor of choice present. If any of the parties does not wish to participate in the hearing, the information provided by that party will not be considered in the decision made by the Hearing Panel.
8. If the Hearing Panel the Policy against Sexual Violence, Sexual Harassment, Dating Violence, Domestic Violence or Stalking Policy was not violated, s/he will communicate their findings with the Claimant and Respondent in writing within the (60) sixty calendar days outlined above.

SANCTIONS/CORRECTIVE ACTION

If the results of the investigation indicate that the College should impose sanctions and/or remedies, the matter will be referred to the appropriate President's Council Member. If the Respondent is a student, the Chief Academic Affairs Officer or designee, will implement sanctions in accordance with the Student Code of Conduct (Policy #600). If the Respondent is an employee, the Council Member, or designee, after consultation with the Human Resources Director and VP of Finance, will implement sanctions. If the Respondent is a Council Member, the President will implement sanctions. If the Respondent is the President or a Board member, the matter will be referred to the chair of the Board of Trustees who will proceed according to Board guidelines. The College will take reasonable steps to prevent the recurrence of any violations of this policy and to correct the discriminatory effects on the Complainant (and others, if appropriate).

The following is a list of possible Code of Conduct student sanctions that may be imposed singularly or in any combination. The Chief Academic Affairs Officer or designee is not limited to the following sanctions as they may impose other sanction(s) considered appropriate.

Possible Sanctions:

- a) Verbal Warning: A discussion about the incident. No written follow-up notification issued.
- b) Warning: Written notice to the student that his/her conduct is in violation of college regulations and that continuation of said conduct for a stated period of time may be cause for more serious disciplinary action.
- c) Restitution: Financial reimbursement for damages to property.
- d) Community Service: A stated number of hours of donated service commensurate to the alleged violation.
- e) Disciplinary Probation: A stated trial period of time set in writing, during which the student is expected to demonstrate appropriate conduct as a member of the College Community.
- f) Disciplinary Suspension: A stated period of time which the student is excluded from classes or activities.
- g) Disciplinary Dismissal: Termination of status as a student of the College.
- h) Transcription Notation: (See Policy #329: Transcription Notation and Appeals Policy for Crimes of Violence).

Notification of Outcome

After the conclusion of the investigation, the College will provide written notification to the Complainant and the Respondent of the outcome which includes the underlying decision, sanction, and rationales for decision and sanction within the sixty (60) day time limit unless the College determines that additional time is required. This notice shall be issued contemporaneously to both parties. The College will maintain documentation of all hearings or other proceedings, which can take various forms (e.g. notes, written findings of fact, transcripts, or audio recordings, etc.) In no event will students in matters involving an alleged violation of this policy be required to abide by a nondisclosure agreement that would prevent disclosure of the outcome. This applies to Respondents and Complainant. Respondents and Complainant are not themselves barred by FERPA from sharing this information. Note, however, that this does not allow students to unreasonably share private information in a manner intended to harm or embarrass another individual, or in a manner that would recklessly do so regardless of intention. Such sharing may be retaliation which can result in separate charges under the code of conduct.

Right to Appeal

Once written notice of the resolution has been provided, if the Complainant and or Respondent is a student, she or he has the opportunity to appeal the outcome to the Judicial Appeals Board (Policy #605), via its processes and procedures.

Both the determination as to whether there is a policy violation and any sanction(s) imposed may be appealed using these processes and procedures.

Retaliation

No individual who makes a complaint alleging a violation of this policy or who participates in the investigation or resolution of such a complaint shall be subject to retaliation as a result of such activity or participation. Retaliation includes harassment and intimidation, including but not limited to violence, threats of violence, property destruction, adverse educational or employment consequences, and bullying.

Retaliation exists when action is taken against a Complainant or participant in the complaint process that:

- (i) adversely affects the individual's opportunity to benefit from the College's programs or activities, and
- (ii) is motivated in whole or in part by the individual's participation in the complaint process. Any acts of retaliation, as defined in this policy, shall be grounds for disciplinary action.

PRIVACY IN LEGAL CHALLENGES

Pursuant to subdivision (I) of rule three thousand and sixteen of the Civil Practice Law and Rules, in any proceeding brought against an institution which seeks to vacate or modify a finding that a student was responsible for violating an institution's rules regarding a violation covered by Article 129-B of the Education Law, the name and identifying biographical information of any student shall be presumptively confidential and shall not be included in the pleadings and other paper from such proceeding absent a waiver or cause shown as determined by the court. Such witnesses shall be identified only as numbered witnesses. If such a name or identifying biographical information appears in a pleading or paper filed in such a proceeding, the court, absent such a waiver or cause shown, shall direct the clerk of the court to redact such name and identifying biographical information and so advise the parties.

EDUCATION PROGRAMS FOR SEXUAL VIOLENCE, DOMESTIC VIOLENCE, DATING VIOLENCE OR STALKING

Trocaire College has education programs to promote the awareness of rape, acquaintance rape, dating violence, domestic violence, sexual assault, and stalking. These education programs include primary prevention and awareness programs for incoming students and new employees. These education programs will include: a statement that these crimes are prohibited at the College; definitions of consent, domestic violence, dating violence, sexual assault, and stalking; safe and positive bystander intervention when there is a risk of one of those incidents; information on risk reduction to recognize warning signs of abusive behavior and avoiding potential attacks; and information about the institutional disciplinary procedures. Each semester the college holds activities to educate the college community about these issues and what can be done. The Title IX Coordinator presents in each college seminar and college success class about these issues and their respective roles on campus. Employees and students are also provided online training on prevention and identifying dating violence, domestic violence, sexual assault, and stalking.

COUNSELING SERVICES

The Wellness Center is located in Room 135 at the Choate Campus. Students are free to walk in and obtain resources to any problems: academic, relational, stress, family, alcohol/substance abuse, victims of sexual assault or victims of harassment. Transit Road students can schedule an appointment by calling 716-827-2480. We do not currently have a campus counselor on site, however, we work closely with Crisis Services to provide our students with the referrals they need.

As a result of the negotiated rulemaking process which followed the signing into law, the 1998 amendments to 20 U.S.C. Section 1092 (f), clarification was given to those considered to be campus security authorities. Campus “Professional Counselors”, when acting as such, are not considered to be a campus security authority and are not required to report crimes for inclusion into the annual disclosure of crime statistics. As a matter of policy, they are encouraged; if and when they deem it appropriate, to inform persons being counseled of the procedures to report crimes on a voluntary basis for inclusion into the annual crime statistics.

The rulemaking committee defines counselors as:

Professional Counselor

An employee of an institution whose official responsibilities include providing psychological counseling to members of the institution’s community and who is functioning within the scope of his or her license or certification.

SEX OFFENDER REGISTRY

The federal Campus Sex Crimes Prevention Act, enacted on October 28, 2000, requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice, as required under State law, of each institution of higher education in that State at which the person is employed, carries on a vocation, volunteers services or is a student.

In New York State, convicted sex offenders must register with the New York State Division of Criminal Justice. You can link to this information, which appears on the New York State Division of Criminal Justice Services website, by accessing the Sex Offender Registry at <http://www.criminaljustice.ny.gov/nsor/> or from an independent website at www.parentsformeganslaw.org

CRIME STATISTICS

The College Safety Department records information relevant to any crime-related activity occurring on campus. Statistics are published annually and are available to anyone upon request. They are also available on the U.S. Department of Education website ([HTTP://OPE.ED.GOV/SECURITY](http://OPE.ED.GOV/SECURITY)) “OPE ID: 00281200” or by contacting the Civil Rights Compliance Advocate/Title IX Coordinator located at Main Campus Room 337 or by calling (716) 827-2461. The Civil Rights Compliance Advocate/Title IX Coordinator will provide upon request all campus crime statistics as reported to the United States Department of Education.
