TROCAIRE COLLEGE

STUDENT CLIMATE SURVEY
APRIL 2016

RESULTS

In accordance with New York State Educational Law 129B, every institution shall conduct, no less than every other year, a campus climate assessment to ascertain general awareness and knowledge of the provisions of this article, including student experience with and knowledge of reporting and college adjudicatory processes, which shall be developed using standard and commonly recognized research methods.

This survey was sent electronically to all current students' trocaire.edu email addresses. Participating was voluntary. 87 students responded.

- 93% of students feel safe on campus.
- 90% of students do not know who our Title IX Coordinator is.
- 88% of students knew that the Title IX Coordinator is responsible for:
    o Coordinating the College's response to all complaints of possible sex discrimination
    o Monitoring the outcomes of complaints of sex discrimination at Trocaire College
    o Identifying and addressing patterns of discrimination
- 78% of students do not know who serves as Trocaire' s Counselor
- 68% of students understand the definition of affirmative consent.
- 63% of students know where to turn if they felt sexually harassed.
- 54% of students would know where to turn for help on campus if they experienced sexual violence, dating violence, domestic violence or stalking.
- 76% of students understand their rights as a student if they were to experience sexual harassment.
- 80% of students understand their rights as a student if they were to experience sexual violence, dating violence, domestic violence and stalking.
- 73% of students know where to turn for resources if they were to experience sexual violence, dating violence, domestic violence or stalking.
- 79% of students would know how to intervene if they saw someone getting harassed.
- 78% of students would know how to intervene if they saw someone in an unhealthy relationship.
- 75% have confidence that if they reported a negative experience on-campus, that it would be handled effectively.
